SUMMARY

Builds sharp and polished user-interfaces and is passionate about web-development. Has a deep interest in web-development due to natural curiosity. Has been trained to use tools such as HTML, CSS, JavaScript, Bootstrap, Bulma, Nod.js, express.js, REACT, and HandleBars. Recent graduate of The University of Minnesota's coding Bootcamp. Has learned a lot through the Boot Camp experience and has become both a better person and developer because of it. Training to be a Full-Stack developer was achieved through this bootcamp. Has demonstrated ability to work with a team through three group projects which were assigned in the Coding Bootcamp. Flexible and open to learning and trying new things. Heavily values the input of others and believes that listening to perspectives from trusted sources creates a better end product.

TECHNICAL SKILLS

HTML, CSS, JavaScript, Python(basics), node.js, Bulma, Bootstrap, SASS, express.js, Handlebars, MySQL, MongoDB, React, GitHub, Heroku, and JQuery.

PROJECTS

Henry Chat <https://github.com/HRO0806/Henry-Chat>

Description: This project is a model for how the backend of a social networking website would work.

Technologies used: Javascript, Node.js, Express.js, MongoDB

Password Generator <https://hro0806.github.io/Password-generator/> | <https://hro0806.github.io/Password-generator/>

Description: This project solves the problem of weak passwords. It generates a random password for the user based off of the types of character they choose to include.

Technologies used: Javascript, HTML, CSS

OnTrack <https://group2-ontrack.herokuapp.com/> | <https://group2-ontrack.herokuapp.com/>

Description: This is an app that helps individuals working on a collaborative coding project.

Technologies used: React, CSS, SASS, Bulma, GraphQL, Node.js, Express.js, MongoDB, and Mongoose ODM

WORK EXPERIENCE

Team Member

Frattalone's Hardware

2019 – present

White Bear Lake, MN

- Practice excellent customer service by critically analyzing specific situations to determine the best route towards a resolution.
- Direct customers to the appropriate products for the particular customer need.
- Work effectively as a member of the team.
- Assist with customer loading of items purchased in the store as necessary.
- Perform sales counter functions such as order entry, special orders, and price lookup.

EDUCATION

Bootcamp Certificate (Full-Stack web development)

2021-2022

University of Minnesota

Minneapolis, MN

- A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Firebase, Node Js, MySQL, MongoDB, Express, Handelbars.js & ReactJS.

Courses Towards General Education
